## LOCAL LEGISLACION.

Second Regular May Meeting of the Olty Journal .

Transaction of Jousiderable Routine 3:siness.

Important Resolution Introduced by Mr. Raistin.

The city council met in regular session ast evening. The following a cermen were present: Farrar, Jones, Fraper, Jugues, Balstin and lemenway. In the absence of Mayor I ump rrey, Alderman Jones, president of the council, occupied the chair. The minutes of the previous arealing were read and approved. An invitation was real and accepted from the G. A. R. inviting the council to participate in the ceremonies of the post on Decoration day. An anonamous communication was test and reterred to the city marsha. The communication congulatined of the mise and unisance caused by the wild animals in the possession of Mr. C. C. Arken,

Alderman Jon's of the police committee. reported that they had resolved to leave also prosecutions for vigrancy to the discretion of the city attorney. The committee also reported in favor of the payment of \$5 of the bil of austice Funds for \$1855. The comto the further recommended the payment of custice Pixley's tall of \$30 for the month of April. A derman Rustin reported from the water works committee that the committee were in avor of allowing the pet tion of D. T. Rong and others requesting the council to res are the to inch pipe in blocks 134 and 144, with 4 inch sipe. The committee also reported in favor of extending the terminus of the pipe in block 305 to a point 100 feet further south, as requested in the petition of

The council rutther, the action of the committee in regard to these petitions, and the superintendent of the water works was instructed to proceed with improvements needed as soon as the pipe could be obtained.

A derman staistin, from the water works committee, presented a minority report in regard to changing the ordinance relating to the size of the noze to be used for irrigating purposes. Ar. Rulstin said that he was opposed to changing the ordinance, and recommeneed that it remain as it now stancs. The committee were granted further time to con-

Alderman Pariai reported from the cemestreets of the cemetery was progressing tinely. On motion of Alceeman Draper, the committee on public works were instructed to see that the music start, in the north park be roofed and repaired, and that both on the stanus be painted.

Alderman Jones, from the artesian well committee, reported that they had foreclosed the mortgage on the well machinery, and that nothing definite had been determined upon between the committee and the contractor in reference to continuing the work on the wel-

The following bills were read and a lowed: Work on streets and det hesbe refery work Extension water contra-O. Rogers, burying cow

John Kersher, burying cow E J Enton E. W. Frost, special police John Pixiey, justice fees . John Fields, justice fees

The bill of S. E. Sessions for \$61.80 for work done on poxing citches was referred to the committee on streets and ditches.

The bill of W. D. Jenatus of \$129.80 for coa furnished, at the arresian well was referres, to the committee on aitesian wel.

Alcerman Draper novec that prosecutions for violations of the city or mances sha , on y be commenced by the city attorney; rovided that said attorney shall be subject in such action to the mayor of city councit. The motion William Liounes to this  $\pm$  0.2 Live was unanimous y acoptec.

On motion of Alderman Farrar it was moved and carried that the finance and police committees be instructed to investigate and report at the next meeting of the councilin regard to the legality and advisability of establishing a dispensary for the sale of liquors. for medicina purposes.

The committee on public grounds were, on motion of Alcerman Draper, instructed to Geo. consider the advisability of placing gas lamps. in the cur parks.

Mr. W. A. Rigiates, the city engineer, adcressed the council in regard to the rate of compensation to be received by the city engineer for work cone for the city. On motion livery Paillips to the Pailips Live of A Cerman Jugues the bill of Mr. Richards for \$29 was a owen. On motion of A derman Draper the matter of the salary of the city engineer was refer ec, to the committee on public works, with power to act as trey gaou't, see fit.

A German Malstin introducer the to ow-

WHEREAS, The authority of this city is cellec and its good name as a peacefu, lawableing community menaced and encangered by persons engaged in the inega trailie in intex cating and mail iquors, therefore be it Resolved, by the city council of the city of Colorado Springs, That the city attorney, city marsha and police force be and are hereby instructed and required to use the atmost cidgener in detecting and ferreting out vio ations of the ordinance probibiting the sale of iquors, and to prosecute vigorously a persons guilty of such violations; and that the Springs have visited Man fou the past week. courts of aw pefore witch such prosecutions are or may be instituted are respectfully requested to aid in the administration of justice and the vine ication of the aw by resisting as much as possible cilatory motions and vexa-

### Wool Growers.

Cur Ago, May 10 -- The committee on permanent organization reported Columbus De ano of Ohio for lites dent, t. .. McCu oy o' M ssour, secretary and a list of vice-presidents from wool growing states. The report was approved. De and in taking the chair 10turned thanks for the honor conferred, barie ice, the importance of the woo incustries of the United States and the necessity for united action for the protection of that interest. ite said the development of woo growing began wit i the passage of the wool arist of '67 and the result had been a reducdon in the price of wood to the manufacturer. The project the necessity of constant work until the restoration of that tariff was secured and. free trace and was cangerous to the prosperito of the country.

by the act of congress of March, '89, wend on and declared; first, that by census returns of tso there were one mi non, twenty thousand Lock masters and there is no state where this industry is not oursned, second, that the product of woo for the year's reading 320,-000,000 pounes are its value is more tranone huncred million colors, and that the value of mutton resulting from siee is aug v tered for food was over \$50,000,000; Jure, that the sneep husbancry is an important factor in the prosperity of agricu tura, purstats because of the utility of sneep in fertilthing the sor, and replents wing expansives and, so that it abanconed or serious y cambis ied correntire system et agricu ture will be emparrassec, our capacity for the production of meats, bread stuffs and other articles required or our confination will be serious y cimin-Islied, and our great prosperity impeded. We cannot afforc as a nation, to encanger a great agreenbura pursuit which adis each year desctivione hundres, and fifty midions of cofars to the nation's wealth, having invested a real estate not less than \$100,000,000 capital. and which contributes inciredly so extensive tection and concludes lift is following terms: ly to the nation's prosperity; fourt i, that the add of so recueing cuties on foreign wools has senously injured, and if continued will in such cancidates as are an layor of adequatery the future diminish if it does not substantially protecting and encouraging the great sheep destroy, the production of woo and of sheep metter, nited States, and this assertion we sustain by these fac s. The report then goes off to show that the clip of '83 caused a loss of over \$10,000,000 to woo growers compared with 152 and precious much greater loss for is a says the cumate and conditions in Australia will compe. American producers to abundon sheep raising for other pursults. it is, therefore,

growers and sheep breeders and co-operate by and three democrats to some the democratic mojans of our national association to be aided by state, and county associations and in this way and by all the legislative methods will congrowers for the restoration of the lar flor '67 at most power to restore the woo tarifful on woo and present the q'timatum of tockno of its equivalent on wools and woolens captures to be repealed the unjust, unwise and a social legislation of '53, recueing cuties - Gress. ma woods and woodens.

The second, It at in doing this we will with out reference to former political affiliations, rec- the National Woo. Growers' convention. which and the part friends whenever and wherever will meet tere to-morrow, here a caucus to we find them, and at the polisive will sustain. Cay and decired to present to the convention only such men and such party organizations as a resolution to the effect that the wood grow at a in favor of protecting and encouraging era of the inited States wi support no canam sustaining sheep husbandry in these cluate for a national, state or other office, of I nited states by restoring the woo, tariff of 565 or its equivalent.

Resolved That we favor a wise and compresensive system of economic egislation growers in the United States, controlling best calculated to foster and develop a American industries that can be profitably of power. pursued by our people whereby emp oyment may hegiven al laboring classes, not at prices parl the laboring poor of foreign nations but s left wages as will secure such educational, reregions and social privileges and such paysica comforts as free men of this free nation are

ent flec to and ought to enjoy. Research, That we reductate the coctrine of free tradeus a callacious and impracticable theory, sustained largely by the money of foretg a capit dists, who desire the control of our in used for the side and consumption of goods frocheed where labor is cheap and money abundant, and we regard as unwortly of respectful durance atom the theory of \$1086 mappitacturers who came that raw maleria. shall be true while the relabrics are protected. We ask with emphasis why the labor requirec to produce wool is less worthy of notection than labor at the spindle and the com where the labries of woodlass produced.

systematic on er-valuation of imported woo, resulting as it does in the loss of much revenue to the governmen and topping of Amerrean woo knowers of projection song it io be conferred by the built and which the secretary of the treasury declares will continue uncer existing laws, comand any should receive 110 numer rate attention of congress.

The platform was acopted with the accition of the la lowing words to the second resolution: "And that we will not support in some of the best colleges in the east. any par y or political cancillate until it or le

Justice Roberts without much hes tation board that may be worth considering. Cism seed the case, but ded ned to assess the costs to the prosecuting witness, ho ding that the latter was not respons ble for the us ce's errors.

At one o'clock name afternoon the other complaint for a similar offense was called before Justice ingranam, the same altorneys appearing. A motion was made by the defense to quast the proceeding on account of the insufficiency of the writ, which motion was not entertained by the justice. Two witnesses, Charles Stockpridge and Dan Currie, were sworn for the prosecution, who testified to a voia Jon of the statute by Whitmore on the 13th inst. . . P. Raistin, R. W. Anderson, Tiomas Si deler, L. E. Sierman and others were placed on the stand by the defense. The grounds taken by the defense were, frs., that Whitmore carried a weapon n self-cefense; second, that he was a culy elected justice of the peace, which gave him the author ty to do so; and, third, that news last night on the de aged Salt Lake train. a specia police officer. After an extenced acknowledged that the ordinance entailed argument by both sides, sustice lagranam bound him over for appearance in the district green and shown that there is some vercure court in the sum of \$200, R. W. Anderson even in his so called parren country. becoming his surety.

## PIXE'S PEAK POST.

Presentation of a Flag from General Adams.

A meeting of the Pixe's Peak Post G. A. R. was held at Manitougast night, viere being present not only a full membership of the post but also a de egat on of lifteen from the Co oracle Springs post. The meeting was called for the purpose of making the presennation of a site flag from General Adams to the rost. A preample) too ong for rub ication was read in roducing the following resoon:

Resolved, That General Adams, by his magpeople of the c tw were universally in favor of infloent gift, has touched the tender place in STOTTING HE SELOOL DUSLIESS, and not restrict our hearts. As so clers, comented together by privations bassed through, sufferings encured, and victories won, we felt united; but this gift 188 bounc us by the silken cords never to be broken, and we accept the gift from our frienc; but, we have nothing to return, except friendship—true, sold or y friendship—that

you have, general, for your kinchess. The presentation speech was made by Gen. Byron L. Carr, department commander. After General Carr's speech "The Star Spangled Banner" was sung by the post and those in avendance, followed by remarks from W. C. Gibbon, staff officer, S. B. Partriage, Thomas Goweniock and D. W. Robbins. When the meeting actourned at repaired to the rooms of Cr. Davis, where a sumplyous repast was served and a pleasant sociable time experi-
